I would like to welcome the Farr 40 fleet to Santa Barbara for the Farr 40 West Coast Championships. We are proud to have you here, and we welcome the chance to show you what a beautiful place we have for sailing. We trust you'll come away with a full appreciation of Santa Barbara.

You'll be busy on the water, but at some point this week, take moment to look at Santa Barbara from the sea. It's the best view of a beautiful city you'll get while you're here.

An event like this is impossible without the help of a lot of people. There's a full cast of volunteers you'll meet ashore and on the water. Please let them know you appreciate them. In addition, the professional staff of the Santa Barbra Yacht Club will do everything they can to make your regatta go well.

We could not produce an event like this without the assistance of Kathy Sangster and Mick Kronman of the Santa Barbara Waterfront Department. Our thanks go to them as well.

I wish you well here in Santa Barbara. Have a great week!

Larry Leveille

Commodore

Santa Barbara Yacht Club
